

Since launching in December of 2015 in Pima County, CarePortal in Arizona has seen tremendous growth and impact as we continue to empower churches to directly serve children and families in crisis. We are thankful for our successful and continuing partnership with the Department of Child Safety and the Governor's Office of Youth, Faith and Family. In our first three years, **114 churches have served 4,421 children directly with an economic impact of \$1,563,891.**

2018 Impact by County

County	Churches	Children Served	Economic Impact
Maricopa	51	821	\$183,774
Pima	43	902	\$351,469
Yuma	21	143	\$38,876

Some key milestones from 2018:

- Launched in Yuma County in April
- Created partnership with 4Tucson for expansion throughout Pima County
- Hired new Regional Manager for Maricopa County
- Partnership with Arizona Helping Hands has brought beds to all active counties

Some notable events for 2019:

- Launching in Yavapai and Coconino Counties in January in partnership with AZ127
- New software improvements to help caseworkers and churches
- New County Sponsor role to help community partners better serve children

As partners we look forward to greater impact statewide for years to come. We are better together.
